MEMORANDUM FOR: LT. GENERAL SAMUEL V. WILSON, USA
D/DCI/IC
Chairman, NSCIC Working Group

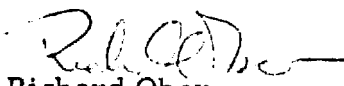

SUBJECT: Distribution of Alert Memoranda

REFERENCE: DCI/IC-75-0546, March 6, 1975

Subject: Background Material on Warning for
Use at 12 March Working Group Meeting

Tab B of the reference memorandum contains a report on "Small-w" Warning prepared by the Product Review Division of the Intelligence Community Staff. In paragraph five of the report are listed the seven Alert Memoranda which have been issued to date. The purpose of this memorandum is to request copies of the seven Alert Memoranda as listed and to further request that I be added as a named recipient for all future Alert Memoranda. Currently Alert Memoranda are addressed only to the appropriate geographic area officer on the NSC Staff. To fulfill my responsibilities on the NSC Staff, it is important that I receive such intelligence reports and that I receive them on a timely basis.

Thank you for your help and cooperation.
